
Private studio

Our inclusive fee starts from £500/month per desk and covers everything from furniture, heating and extra-fresh air circulated around the studio to tea and coffee in the hi-spec kitchens.

We offer exclusive private studio spaces within a stimulating, vibrant workspace which feature bespoke workstations providing everything you need to set up – from wireless charging ports to ergonomic and completely adjustable desks and chairs.

All studios come with a couple of extras – sound proofing, circadian lighting and individual air con control, but each is unique, so choose the one that matches you - then make it your own.

Flexi and Fixed desks

Our all inclusive fee of £350/month for a flexi desk and £450/month for a fixed desk will have you covered 24/7.

Offering shared workstations within a stimulating, collaborative environment where you can share ideas with similar businesses.

Our collaborators will benefit from an all-inclusive fee, featuring everything you need with versatile workstations and ergonomic chairs to support you as you think-create-or make.
